2023 Franchise Renewals -

REMINDER – To avoid a \$50 Late Fee, leagues must submit their 2023 Franchise Renewal by APRIL 1st. Franchise renewal information can be found on our website at dybusa.org.

Brain Injury Awareness Month provides an important opportunity to bring attention to the prevention of traumatic brain injury (TBI) and to promote strategies to improve the quality of life for persons living with TBI and their families. TBIs affect millions of people in the U.S each year.

A concussion is a type of TBI caused by a bump, blow or jolt to the head or by a hit to the body that causes the head to move back quickly back and forth. Help your child's team create a culture of safety. Work with the coach to teach ways to lower the chances of sustaining a concussion. Tell your child to report any concussion symptoms to you and their coach right away. Be sure to remind them that it's better to miss one game than the whole season!

Visit the U.S. Center for Disease Control & Prevention (CDC) for more information.

DYB continues to strive to offer a wholesome recreational outlet for our children. This has been our goal since our beginnings 68 years ago. We hope this environment offers our children a safe place to develop strong character, a positive attitude and a sense of responsibility, with adult volunteers setting the example. Much has changed in our world since 1955 but still our most important resources are our children...our leaders of tomorrow!

As it says in Proverbs 22:6 "Train up a child in the way he should go and, when he is old, he will not depart from it."
